

## El Enemigo Cabernet Franc 2022

90% Cabernet Franc, 10% Malbec

### Harvest Report 2022

2022 was an exceptional year from every possible qualitative standpoint. Throughout Mendoza, both in the Primera Zona (closer to Mendoza city) and in the Uco Valley, the wines have optimal acidity, great concentration and ripeness of polyphenols, and just-right (not too high) alcohol levels.

Alejandro Vigil says: "This is the best year that I have lived through."
